NEW ADMISSIONS PROGRAM

Last January Cynthia Rinklin, Assistant Director of Admissions at Lasell, started a new program—taking Lasell on tour. This program was developed as a way of bringing Lasell to girls who might be unable to visit the College (though they are urged to visit the school whenever possible) and as a way to talk with prospective students in a relaxed and casual atmosphere.

These programs were part of evening get-togethers at the homes of alumnae in various areas of the country. An alumna who volunteered to open her home was provided with a list of prospective students in her area. These were girls who had applied to Lasell, requested a catalogue or had been referred to the College by personal contacts. Along with this list the alumna was also provided with invitations and stamped envelopes which she mailed to the girls on her list, inviting them to an informal party where they would have the opportunity to meet Miss Rinklin, see slides of the College, talk informally about Lasell and have their questions answered.

Refreshments were served and in this relaxed atmosphere the student had the opportunity to learn about Lasell—and Lasell learned about the student.

This year these alumnae-admissions parties were held in several areas including the Greater Boston area, Westchester County, Long Island and Northern New Jersey. Attendance ranged from three to 23 and parents were always invited to come along with their daughters.

Though this year's program was a "pilot" project it is hoped that it will expand and continue in the coming year. Plans are now underway for starting these get-togethers again in September and running through January or February. It has been suggested that pizza and coke replace cookies and punch as refreshments and a Sunday Brunch might be tried.

If this program is to continue on a successful basis the Admissions department must have the help of Lasell Alumnae. If you are interested in giving some of your time and effort to aiding this new venture, won't you fill in the box below and return it to:

Spring 1972

Lasell Breaks Ground For New Dormitory

On April 18 Dr. Kenneth Greene and Miss Muriel McClelland broke ground for Lasell's newest dormitory scheduled for September occupancy. The 16,000 square foot, split level brick facility is being constructed by the Carlson Corporation of Cochituate, Massachusetts.

Working closely with both administration and students at Lasell, the Carlson Corporation has arrived at a unique design —a dormitory divided into apartments, two on each floor. Each apartment will contain a kitchen, living room and dining room as well as bedrooms. Located in the Rockwell area, next to the dormitory opened in 1967, this new dormitory will house 70 girls and will replace Bragdon Hall which is scheduled to be razed.

Named for Miss "Mac"

This new facility is to be named McClelland Hall in honor of Miss Muriel McClelland, a member of Lasell's faculty and administration since 1929, who is retiring this year.

Other dignitaries who attended the groundbreaking included Mrs. Rosalie B. Rosen, Chairman of the Board of Trustees, Joseph Skinner and Richard Winslow, members of the board and Mrs. R. C. Crosby, Mrs. Charles Higgins and Mrs. Norman Fitch, members of Lasell Alumnae Incorporated. Mr. Richard McGrath, Newton's Ward 4 Alderman (including the Lasell area) represented the city of Newton. The Class of 1973 was represented by Margaret McLellan, Freshman Class President. Other onlookers included members of Lasell's faculty, administration and staff; Lasell students, Lasell nursery school children and neighbors from the campus area.

Recipients of the Lasell Medallion awarded on March 25, 1972 are shown here with Dr. Kenneth Greene. L. to R. are: Dr. Mary C. Shannon '21, Marion Griffin Wolcott '16 and Dorothy F. Williams '39.

Lasell Alumnae Inc., Honor Three

"In recognition of having added distinction to the name of Lasell," three Lasell Medallions were awarded at the Annual Alumnae Council Luncheon on March 25, 1972.

Sponsored by Lasell Alumnae Incorporated, the all day council session opened with a coffee and get-together followed by a short business meeting. The morning program featured a panel of Lasell graduates who spoke about their careers. Members of the panel were: Lois **Sawyer** Caulfield '66 who talked about her experiences teaching Indian children on an Arizona reservation; Barbara **Hill** Rowe '63, a lawyer, who spoke about the changing role of women in law today and Cynthia **Rinklin** '69, Lasell's Assistant Director of Admissions who touched on the problems in admissions today and outlined her plans for an inclusive Admissions-Alumnae program.

At the luncheon Lasell Medallions were awarded to the following alumnae with the accompanying citations:

Members of the Orphean Club joined with the Men's Choir from Andover-Newton Theological Seminary at Easter time to present two concerts of religious music—all in Latin. The combined group performed the first night for a community audience in the Auburndale Congregational Church, and again the next night in the Andover-Newton Chapel.

MARION GRIFFIN WOLCOTT . . .

Over the years the State of Connecticut has sent its fair share of students to Lasell; over the years one Connecticut family has sent more than its fair share of daughters to Auburndale. Senior member of the Griffin clan is Marion Griffin Wolcott, Class of 1916. Marion's daughter and a granddaughter are Lasell graduates; as are two sisters, a sister-in-law, a niece and a daughter-in-law, who is the youngest of three Hartford alumnae sisters.

Marion completed the last two years of high school study at Lasell and during her four-year stay participated in all phases of the sports program. After graduation in 1916, she continued at the Sargent School of Physical Education.

Mrs. Wolcott holds a unique record for attendance at Lasell functions; she has missed but one annual luncheon of the Connecticut Valley Club, where she has served on numerous committees. An unfortunate accident early in June prevented her from joining classmates at their 55th Reunion in 1971.

Lasell Alumnae Incorporated takes real pleasure in awarding a Medallion to this devoted mother and dedicated community worker—to one of our most loyal alumnae: MARION GRIFFIN WOLCOTT.

MARY C. SHANNON . . .

Dr. Mary C. Shannon, gynecologist and obstetrician, has devoted her life to the field of medicine.

After Lasell, Dr. Shannon continued her education at Kansas University. She interned at Community Hospital, New York; Overlook Hospital, New Jersey; Good Samaritan, Lebanon, Pennsylvania; and Beebe Hospital, Lewes, Delaware. She has done post-graduate work at Polyclinic Hospital, New York and more recently at Harvard University.

Dr. Shannon claims membership in the American Medical Association, American Medical Women's Association, American Society of Anesthesiology, New England Anesthesiology Association, OB-GYN Society, New England Medical Society, World Medical Society, Western Massa-

DOROTHY F. WILLIAMS . . .

In September 1971 Dorothy F. Williams was appointed chairman of the Simmons College Department of Publication. In addition to her administrative duties, Dorothy, a full professor of publishing, continues to edit the Simmons Review. During the time she has served as its managing editor, the Review has received more than 100 awards for editorial achievement and outstanding graphics, and is the only magazine of its kind to be produced by senior publishing students as a laboratory project.

Yesterday Dorothy was granted special permission to leave meetings in Washington, D.C. where she was serving as consultant to the Office of Education's Leadership Training Institute. Also currently she is a consultant for alumni publications and business communications groups; she has been the recipient of research grants from the Shell Foundation and the Cox and Cook Funds to conduct studies in her fields of special interest.

Dorothy received her B.S. degree from Simmons; an M.S. from the Boston University School of Public Communications. She is a trustee and member of the Corporation of Editorial Projects for Education in Washington, directs the institutes in communications of the American Alumni Council, serves on the Publications Advisory Committee of the Council and that of the New England Association Review, among her many professional affiliations. She is listed in "Foremost Women in Communications," "Who's Who of American Women," and "Dictionary of International Biography."

Miss Williams is current chairman of the Simmons College Fund for Research, and a permanent member of the Executive Board and the Council of the Simmons Alumnae Association.

It is indeed a privilege to recognize our talented alumna: DOROTHY F. WILLIAMS '39.

Michael Dukakis To Speak at Commencement

Michael S. Dukakis, a member of the Massachusetts Legislature for eight years, has been named as the speaker for Lasell's 117th commencement on June 3rd.

Mr. Dukakis will address the graduating class and their guests on "The Politics of Reform." Feeling that the influence of young people is becoming increasingly significant, Dukakis would like to see more young people involve themselves in both the political process and the quest for elective office.

A native of Brookline (Mass.), Dukakis is a graduate of Swarthmore College and Harvard Law School. He was named one of the outstanding young men of the year in 1965 by the Greater Boston Junior Chamber of Commerce.

In 1970 Dukakis was nominated to run for Lt. Governor on the Democratic ticket with Mayor Kevin White in the gubernatorial election. Although defeated in that election he has remained active on the political scene.

Dukakis now heads a group of young volunteers who are investigating the executive agencies of state government to determine how they can be made to respond more positively to the needs of the public and since February he has served as the moderator of "The Advocates," the television debate program which is seen nationally over the facilities of the Public Broadcasting System.

ACTIVE PARTICIPATION: Mr. Malcolm White of Rumford, Maine and daughter Joanne '72, show the way it's done at the Father-Daughter Dance—a high point of the April 21–23 Father-Daughter Weekend. 200 Fathers were on hand to take part in this annual event; some from as far away as the Virgin Islands and Texas. Another highlight of the weekend was the Father-Daughter game, based on the T.V. success, The Newlywed Game. Winners of the dance contest were Thomas Keane of Lebanon, N.H. and daughter, Kathy '72. To top it all off, door prizes were awarded. Top door prize? A door! What else!

LETTER TO LASELL

It is always pleasing to hear something nice about ourselves. In this case we want to share this letter—written by three members of the Class of 1971. Although the letter has been reprinted in the Lasell News (the student newspaper) we wanted to spread the good word further via News From Lasell. It helps confirm the idea that "we must be doing something right."

Dear Lasell Students:

How do you feel when someone says to you, "Where do you go to school?" Are you embarrassed by the fact that you attend a Junior *College? The two words have "not as good" connotations. Not as good as what, a four year school? We graduated from Lasell last June and are attending Boston University at the present. We have found that there is virtually no difference in the academic quality of the classes we have experienced in the two schools. However, there are some major differences which we appreciate now, a bit too late, after thinking about our experiences at Lasell. At Lasell, each class averages about 25–30 students. You have a great opportunity to get to know your professors on a personal level, and most of them care enough to want to get to know you. The greatest thing that we discovered at Lasell is that teachers are human beings who care, feel, and think just as we do. Whether we were in a classroom discussion, or talking over coffee in the Barn with a Lasell teacher, we were never made to feel that our feelings and thoughts were worthless; they were always recognized and appreciated. At B.U. most professors just don't have the time to even learn your name because they have such a vast number of students. What we're saying here is that many of our teachers and friends from Lasell have truly proved to be among the greatest people and friends we've ever had.*

Being fed up with the social security number status we've held at B.U., a few weeks ago we picked up and headed back for our security (both social and otherwise) at Lasell.

We arrived and spent much time with those close to us—teachers that you, as present Lasell students probably don't even recognize as potential friends and confidants, as well as educators. Through these relationships we have been able to grow and feel like important beings. The point is, one must make the effort to meet these people half way.

Granted, we did not consider Lasell "heaven" and did our fair share of complaining throughout our two years. The food made us fat and the parietals aggravated us—but we worked toward and produced change. As freshmen, parietals were on the first Sunday of each month from 1:00-5:00 in the afternoon, with such absurd restrictions as having to keep the door open 12 inches, etc. It's frustrating we admit, but all progress takes time and work—together.

In essence, we're pleading with you—not preaching to you, to stop and appreciate and take advantage of the opportunities, both educationally and otherwise, that Lasell offers. They do exist but must be sought out.

We don't claim to be "women of the world" because we are juniors at Boston University. Many of you will be joining us next year or going to other similar schools. We guarantee—as anxious as you will be to leave in two months, you'll be back (if not in body, in thought) before the end of September.

Enjoy it while you can.

Ruth **Stokes** Crick writes from 219 North Union Street, Middletown, Pa. 17057: "I have two grandchildren—my granddaughter and her husband (he is in the Navy) have been sent to Saudi Arabia. My great-granddaughter is now eight months old. I am caring for their pet, Daisy, during their absence. Photo enclosed was taken at Christmas 1971. Would like so much to hear from friends who attended Lasell during my student days. I will be 80 years *young* my next birthday; enjoy good health."

'14

Alleda **Burnett** Arneson reports: "Twelve members of the Class of 1914 started a Round Robin soon after our graduation; it has continued all these years—and there are still ten of us. Last August Mary **Bingaman,** Katherine **Bingaman** Heron '15 and I were guests of Carolyn **Moore** in Duluth—and one day we were entertained at luncheon by Virginia **Moore** Starkey '17—five Lasell girls all together with our wonderful memories. Here in Florida one of my most recent callers was Dorothy **Hartshorn** Underwood.

'16

The Class extends sincere sympathy to Dorothy **Brate** McPherrin, whose husband, Mr. George R. McPherrin, passed away in December 1971.

'18

The Class extends sincere sympathy to Barbara **McLellan** McCormick whose husband Bill, passed away suddenly on April 21, 1972 in Rockport, Maine, and also extends their sympathy to the family of Mary **Fiske** Cass, who died on April 11, 1972 at the Winchester (Mass.) Hospital. Mary was the daughter of the late Frances **Thomas** Fiske '87–'88 and a daughter-in-law of Mary **Packard** Cass '89.

Helen **Smith** Stone is recuperating from a serious hip injury; at this writing (3/72) she has graduated from a wheelchair.

Your Secretary has just returned from more travels with her air-minded Air Force officer husband. We set out for Florida; had two delightful weeks in Palm Beach; then on to Florida's West Coast, over to Dallas and San Antonio. Hopped a plane to New Orleans and over to Nicaragua, El Salvador—a stop at Grand Cayman Island—and on to San Jose. Costa Rica has a fabulously beautiful climate—the temperature varying between 68 and 75 the entire year.

While in Florida, we spent a day with Lydia (**Adams**) and Walter Godsoe, who live in Lake Worth during the winter months.

I'll be looking for letters from you 1918-ers telling me of your activities for I'm sure you are anxious to be rid of mine!

. . . Mid **Cary** Hill

We were all saddened by the news that Grace **Tredway** Davies lost her younger son, Bill, age 45, very suddenly from a heart attack. Our sympathy goes to Grace and to Bill's family.

'19

In early April Mercie **Nichols** and Ethel **Ramage** Lougee were off and away on a three-week tour of Spain, Morocco and Portugal.

Marguerite **Houser** Hamlin's postcard was dated March 4, 1972 and sent from Perth, Australia. Peg wrote: "Only three more weeks of the island tour then I'll be in Africa (East) where I am looking forward to the animal reserve. Ever since the trip in 1964 I've wanted to return. Have been visiting islands across the Pacific—many have been remote and primitive; all are tropical and many have volcanic mountains."

'21

From Sally **Wild** Gordon: "Shortly after returning from the Lasell reunion, my husband and I were cruising in British Columbia waters on a Chinese junk with friends from California and Alamos, Mexico. They have had the 'Yum-Yum' in Canadian waters for eleven years, but it is still a curiosity."

'22

Margaret **Reid** Perry hopes "to make our 50th. My granddaughter graduates in June from Miss Hall's, where she is senior class president. Returned in March from a grand Florida vacation—spent three weeks with Dot **Ely** Bigham '21."

'23

The Class extends sincere sympathy to Marion **Austin** Hakewessell, whose husband passed away on June 7, 1971. Mr. Hakewessell was the senior partner in the Hartford architectural firm of Malmfeldt Associates.

'29

Louise **Thompson** Rondelli was remarried in 1970. She is now Mrs.

'30

Sue **Morgan** Williams promises to "surely get back for next Reunion. The new buildings and campus must be beautiful. Doug and I have just returned from a three-month trip around the world—New Zealand (my favorite), Australia, South Africa (where we'll spend more time another year) and South America."

'31

News from Jane **Porter** Brown: "My husband has retired so now we look forward to more golfing and fishing. My elder son, who is an editor with McGraw Hill College Division, lives five miles from us with our three grandsons; my other son and his wife live in Cooperstown, N.Y., where he is curator at the Baseball Hall of Fame."

Frances **Kearby** Bon and husband were recent overnight guests of Lib (**Bear**) and Gene DeStaebler in Tequesta, Fla. The Bons had just returned from a Caribbean cruise; were en route to their home in Bethesda, Md.

To quote from Karin **Eliasson** Monroe's 1971 Holiday letter: "Ours has been another year of great enjoyment. Kay, with awards in four sports last year, continues to thrive—as do we all—in this beautiful Coronado climate. She will be sixteen in January and can scarcely wait for the Department of Motor Vehicles to open on *her day* to obtain her first driver's license! Karin maintains her pace of activities with the various clubs and charities, while Hank is active to a lesser degree as a business consultant and to a greater degree as a golf aspirant enjoying many of the area's seventy courses. In February '71, our Ann and her Dave and Karin (6) and Kristin (3) were able to have a wonderful extended visit with us. After three years in Okinawa, the American Express Company has them living near Frankfort, Germany. We hope they will be Americanized on their next move after over seven years out of country. In August, we had another memorable time with Sally, John and Christopher (2 on Christmas Day). They now live in Westport, Connecticut, with John climbing the ladder at Chase-Manhattan in New York. We send you all our deep affection with the wish that 1972 will bring peace and happiness."

Roxanne **Christopher** Morgan "retired from Orange County (Calif.) Probation Department last June; Larry, in July. We keep busy with gardening and a mountain cabin. Have four grandchildren—oldest, a junior at U.C. Berkeley; youngest, now three years old, had the good sense to be born on his grandfather's birthday!"

'33

The Class extends sympathy to Anna **Mills** Koeck, whose mother passed away March 15, 1971 at age 93.

Wish I were back home in New England!"

Am now president of my own corporation and have eight employees. After January 1st I am starting to speak at various high schools and colleges on career counselling. This subject is one of my favorite topics. More and more am I an advocate of junior colleges. Our 'Tip' is a senior at Miami of Ohio—last summer he was an intern in the House of Representatives in Washington."

In the Fall of 1970 we moved to larger offices in the same building to provide twice as much space. I continue to travel to places of tourist and resort nature so that I may be qualified to assist clients with their plans. Happily, the opportunity to visit domestic destinations now is more frequently available to travel agents and my most recent trips were to Salt Lake City (fine ski areas there) and Phoenix/Scottsdale. As always, there are many study-tours offered to out-of-the-country places and I am able to participate in these once or twice a year. My Mother died on January 15, 1972. Junior Women's Club."

A note from Elsie **Knaus** Klemt: "It certainly was good to be on campus (even briefly) for the Alumnae Council Meeting in March. The campus is changing, but there are enough familiar sights to make a graduate nostalgic. 1973 Reunion should permit a longer look, and (hopefuliy) a gathering of familiar faces."

Currently on display at the Harrington Park (N.J.) Library is an exhibit of stone sculpture by Carol **Leake** Bacon. Featured are graceful abstract forms in polished and unpolished limestone, serpentine marble, alabaster and polished marble. Carol studied at the Barnes Foundation, Merion, Pennsylvania, from which she recently graduated; at the Art Center of Northern New Jersey, Tenafly; and at the Lighthouse School of Art, Nyack, N.Y. She believes that her talent for stone carving may be inherited from her grandfather, who was a stone carver in his native Italy and in Switzerland before coming to the United States in the 1920's. In addition to caring for her two children, Jeremy, 12, and Gina, 10; holding a part-time job and working on her own sculpture, Carol also finds time to teach a children's sculpture class at the Harrington Park Saturday School.

To: The Lasell Alumnae Association
From: 419-A Atkinson Drive, Apt. 1004
Honolulu, Hawaii 96814

Because of my almost continual travelling during the last several years, I have lost contact with my Lasell classmates and friends. I am now a permanent resident of Hawaii and am anxious to determine if anyone from the Classes of 1954, 1955 or 1956 are living here.

Regarding my own whereabouts for the last 17 years, after five years as an Eastern Air Lines Stewardess, I departed America for a five-year journey around the world—travelling overland from France to Bombay, living there for six months and then to Hong Kong for six months. I returned to California for a few years, but felt the tug of the Islands again, and so returned to Hawaii where I have been living for four years. Still unmarried and enjoying the freedom of single life, I have been able to take full advantage of the myriad of activities—sailing, skin diving, mountain climbing and travelling to the other Hawaiian Islands. I'm here to stay!

Mahalo and aloha,
Bobbie **Jennings**

Mary Jane **Tidman** Bridges writes from 991 Broadway, Hanover, Mass.: "Had a disc removed from my neck two years ago, and had a spinal fusion a year ago this past January. Believe it or not I'm in great shape—now! Moved to Minnesota—there for 16 months, 3 days, 2½ hours and some seconds—I was so homesick I created a few more lakes for them. Needless to say am very happy now that I am 'home.' Husband Bob, son Peter (10) and daughter Lee (12) are happier too—most likely 'cause I am. Ain't that the truth, girls???"

BEQUEST: EVA C. ROBERTSON

Back in the fall of 1903, a young girl from New Hampshire named Eva C. Robertson registered at Lasell, as a student in the lower school. She was the equivalent of a High School Junior.

Eva finished the year at Lasell, but did not return the next year. There are no records now showing why, nor did she ever get in touch with the College again. The Alumnae Office had regretfully listed her as "lost."

Not long ago Lasell was notified Miss Robertson had passed away January 31, 1969, and had left a gift of $1,000 to Lasell to establish "the Eva C. Robertson Fund, the income therefrom to be used toward the payment of tuition of worthy, poor working girls."

Lasell is, of course delighted to receive the bequest, and can undoubtedly still find "worthy, poor working girls" who need help with their college tuition. Deferred gifts of this sort help build the endowment funds Lasell needs not only for scholarship aid, but for buildings and operating expenses as well.

Interested alumnae and friends are urged to address their inquiries to the Office of the President, Lasell Junior College.
